Established 1975 and Made in the UK

We've come a long way since we started our journey almost 50 years ago and we are extremely proud of our heritage. What began as a one-man start up using second-hand machinery to manufacture furniture for friends and family, has now evolved into a successful second generation business, with an 80,000 sq. ft. factory and over 230 members of staff.

We believe that you shouldn't have to compromise when it comes to your dream kitchen, that's why our attention to detail and passion for what we do has helped shape our unique and quintessential range of furniture that we offer our customers today.

Award Winning Kitchens

With over 18,000 different cabinet configurations and such a wide and varied range of furniture to choose from, it's no wonder we have picked up some awards along the way.

Choice is at the heart of every Masterclass kitchen design and with 10 ranges, 63 colours and 115 possible combinations to choose from, the journey to creating your dream kitchen begins here...

It starts with a conversation

We only supply our furniture through a network of approved and appointed kitchen specialists, who have the knowledge and skills to ensure you get the very best from your Masterclass Kitchen.

They will ask you to complete a kitchen wish list to highlight all of the things you ideally want from your new kitchen, before creating a design that's right for you, your lifestyle and your budget. Masterclass Kitchens are individually manufactured for each and every one of our customers, so it is unique to you and your individual space.

Find your nearest showroom using our website.

Where memories are made

The kitchen is so much more than just a place to cook. It has fast become the heart of the home and the hub of family life.

Whether it's enjoying breakfast on a sunny morning, relaxing with mid-afternoon tea, or catching up on the days events sharing a meal with family and friends, your Masterclass Kitchen will create memories that will last a lifetime and we hope they will be good ones.

Don't forget to share your very best memories with us on social media.

The *Living* Collection

The Living Collection is a range of free standing furniture that enables you to seamlessly connect and complement the furniture between your kitchen and other areas of your home. It is all about creating your own style, perfect for multi-functional, family homes that embody today's demand for open plan living.

Get the look

With ever changing trends and so many different things to take into consideration, we have carefully set out to create a brochure that is full of inspiration and design ideas, which will allow you to discover your dream kitchen.

To achieve your desired look, let us walk you through a variety of combinations that bring together colour, texture and design elements in ways that will set your kitchen apart. After all, we have spent nearly 50 years honing our craft and perfecting our range – so rest assured, you are in safe hands.

Within each colour palette, seamlessly move from classic shaker to modern flat slab styled kitchens. You can then move onto selecting the perfect storage and design features for your kitchen from the Signature & Living Collections found at the back of the brochure.

Let's talk about colour...

choosing your perfect colour, texture and finish

We've created a diverse palette so you can make a colour statement that showcases your personality.

Step 1 - Our Warm and Cool colour palettes offer you the perfect starting point for your journey. Choose to design a neutral scheme by mixing, matching or contrasting your favourite warm or cool colour tones, or alternatively, style your kitchen using your favourite base colour and then add an accent colour, textured finish, or both to really pack a punch.

Step 2 - Be bold and embrace your favourite accent colour, which will add a real sense of flair and excitement into your design. A perfect way to personalise your new kitchen and ensure your kitchen stands out from the crowd.

Step 3 - Finally, choose to add another dimension to the kitchen by introducing a textured element to the design such as stone, marble, timber or a metallic effect finish, which will add a real sense of glamour to the project. A number of these are also available as matching work surfaces, splashbacks and upstands, as shown in the range finder at the back of the brochure.

The Media Centre

Add a sleek media unit to your open-plan living scheme to integrate beautiful storage into your living area. Choose to match or contrast with your kitchen design and create a truly harmonious design.

Speak to your nearest retailer about further personalising your space by adding a Media Centre into your design.

Choose boldly. Why not?

We have taken you on a journey of colour, texture and finish. Along the way, we have explored how to mix and match different shades to create design statements that are personal to you. Maybe you've already found your winning colour combination; was it our Warm Greys that caught your attention, or did you perhaps find yourselves captivated by our Blissful Blues?

There's no need to worry if you haven't yet found the dream combination to stop you in your tracks. The following pages will allow you to view all of our kitchen ranges, as well as the compelling colour and texture options we have available.

Choose your colour. Choose your finish. **Choose Masterclass.**

Thinking inside of the box our cabinetry

How we live in our homes is evolving. Space-saving and easy to use storage solutions remain at the top of our wish lists, so we have torn up the rule book and opened the door to new opportunities.

Our cabinets are easy to use and offer you more space. By eliminating the need for old fashioned centre posts that appear inside most kitchen cabinets, we maximise every bit of available space and have increased the storage capacity by up to 30%!

Why not take a look at your current kitchen to fully appreciate the aesthetic and practical benefits that our market leading cabinetry can bring to your home.

Lifetime guarantee on all moving parts.

10 year warranty on cabinetry

3 year warranty on door frontages and decor panels

No Centre Post

increased space, easy access to the full width of the cabinet and more user friendly

Deeper Cabinets

our standard wall cabinets offer 30% more storage capacity

Cabinet Rigidity

the aluminium profile provides added stability

Solid Cabinets

our cabinets are built to last, with 18mm top and back panels for added strength and stability

No Centre Post

increased space, easy access to the full width of the cabinet and more user friendly

Deeper Cabinets

our standard base cabinets offer 11% more storage capacity

Streamlined Hinge

superior inline hinge plate now offers an improved aesthetic view

Cabinet Stability

six cabinet legs with superior fixings for increased cabinet strength

Get in touch...
