The NEFF *COLLECTION*

BUILT-IN APPLIANCE CATALOGUE 2023

Welcome to the NEW
NEFF COLLECTION

Designed with individuality at the core, to give NEFF customers the freedom to reflect their character in the kitchen.

This new range of Flex Design appliances features exciting new handles and side trims in four distinctive colours, to give kitchens the individual style that we know customers want. This new range allows for the trims on the appliances to truly reflect style and accents across the kitchen – matching taps, handles, lighting and soft furnishings to create a kitchen that is not only beautifully designed, but truly reflects each customer's style and character.

This NEFF Collection brochure details the beautiful new ranges available with inspirational imagery and links to our website, where you can see the range brought to life. It is also a reference guide in how to navigate and how to order this new range.

NEFF
COLLECTION

5
YEARS
WARRANTY

All NEFF Collection appliances come with 5 Years Warranty.

Open for FLEXIBILITY

Our first kitchen series that's as unique as you are.

At NEFF, we believe that openness is the key to everything creative. It's a mindset that we share with other open-minded and free-spirited hobby chefs and food lovers all around the world. People with an insatiable appetite for the extraordinary, and a constant craving for the unconventional – in and outside the kitchen. People that would always choose individuality over conformity.

1 Seamlessly combine a Compact Oven and a Single Oven with our 105cm Seamless Combination trim.

2 The new NEFF Flex Design trim allows you to add the accent trim to the Angled Glass Chimney hood*, extending the accent colour across the kitchen.

3 Introducing the new Twist Pad Flex® to accent the colour on the Induction Hob control. On selected models the Twist Pad Flex® can also be used to control the oven.

4 The NEFF Flex trim can also be added as a side strip to the Induction Hob to further complement the range.

*Not all models available at time of going to print.

Open for CHARACTER

Flex Design

Choose a finishing touch to match your kitchen's aesthetic – now and later!

Seamless Combination with Flex Design - watch your favourite appliances blend together seamlessly. Flex Design makes it simple to go from Brushed Bronze to Anthracite Grey. Choose your preferred colour at the time of purchase and swap it out later for a seamless blend without replacing your appliances. Twist Pad Flex® sold separately for ovens and built-in coffee machine.

Home Connect

NEW Get more with Home Connect

Be inspired and reduce food waste with free recipes in the Home Connect app and with our recipe partners. Achieving perfect results has never been easier. With Oven Assistant, simply use the Home Connect app or ask Alexa to find the perfect setting for your dish. For regularly used programmes, save these as favourites for super quick, convenient access, so you can concentrate on your cooking. Stay better connected with your guests with oven control and monitoring via smartphone, voice or smartwatch. No more dashing back and forth to the kitchen!

Open for INTUITION

Twist Pad Flex®

Cooking is a sensual activity. The cook must be able to feel it all – from the texture of the food to the control over their instruments. Intuitively and instinctively to always stay in touch with what you are doing, we have now found a way for you to unleash your flow freely on multiple appliances: the magnetic Twist Pad Flex® ensures a precise and easy operation on your hob – but also on your oven and coffee machine. Just snap it on intuitively*.

Activate your desired cooking zone on your hob by tilting and choose your power level by rotating this genius button. The light around the Twist Pad Flex® indicates the status of your cooking zone, whether it is heating or not. So whether brewing a cup of coffee or baking a birthday cake, the Twist Pad Flex® is ready to dial your appliance up a notch, so that you can control your appliances reliably and comfortably.

Flex Control

Your appliances should work the way you cook - not the other way around. With Flex Control, your appliances adjust to your personal preferences.

Whether you swipe and tap the TFT Touch Control or guide a Twist Pad Flex®* into place, the high resolution interface adapts automatically. Full Touch 3 display featuring the largest 6.8" Full Touch TFT display offers the flexibility to operate the appliance with the Twist Pad Flex®* enabling ultimate flexibility and complete control while cooking the way you like. It also works on the coffee machine or you can operate this and all our appliances using the Home Connect app to make your favourite coffee. Operate your coffee machine intuitively with the Twist Pad Flex®*.

*Twist Pad Flex® sold separately for ovens and built-in coffee machine.

Open for PERSONALISED STYLE

Flex Trim finishes

It's details that make us special. Individual. Unmistakable. We believe your kitchen should be, too. That's why we've made it possible to personalise your appliances with the new NEFF Flex Design: interchangeable design elements such as handles and side trims in four distinctive colours for your oven, hood, hob, coffee machine and even your Twist Pad Flex®. Look forward to a Deep Black, Brushed Bronze, Metallic Silver or Anthracite Grey. And because kitchens grow and tastes change, the choice is also flexible. Simply swap out the design elements to suit your new style giving each appliance a lifetime of great taste.

Brushed Bronze

Anthracite Grey

Metallic Silver

Deep Black

Easy to install

With Flex Design change is really easy: you can simply swap out design elements on your own, anytime you want to fit your new style.

Scan this code to view a video to see how to install and change the Flex Design trims.

Throughout this brochure we have used the Brushed Bronze images – follow this link to our webpage to see the other colours brought to life online.

Brushed Bronze

Metallic Silver

The seamless combination FAMILY

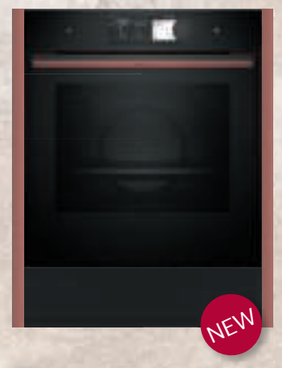

The new NEFF Flex Design range is not only available in four distinctive colours but the new seamless combination strips are available in seven lengths to allow for the ultimate in personalised installation solutions. Perfect when curating solutions, with a beautiful design aesthetic. These new sizes allow for new combinations: stack a compact and a microwave, a single oven and a small warming drawer, or even two single ovens in a tall bank – the flexibility on installations has so many more possibilities.

There are 7 stackable sizes and within each you can have a variety of combinations to suit your cooking style.

Fascia Display Types
HIERARCHY

Introducing our new high resolution TFT touch screens. These new screens show crystal clear graphics and are intuitive and responsive to touch. Aligned to the Collections, the screen size will vary from the largest 6.8" screen on our N90 Full Touch 3 screen, to the generous 3.1" screen on the N70 Full Touch 1 screen – all offering the same Touch Screen control. The N90 Full Touch 3 6.8" screen also features room for two Twist Pad Flex®, one on either side of the interface, enabling ultimate flexibility and complete control while cooking.

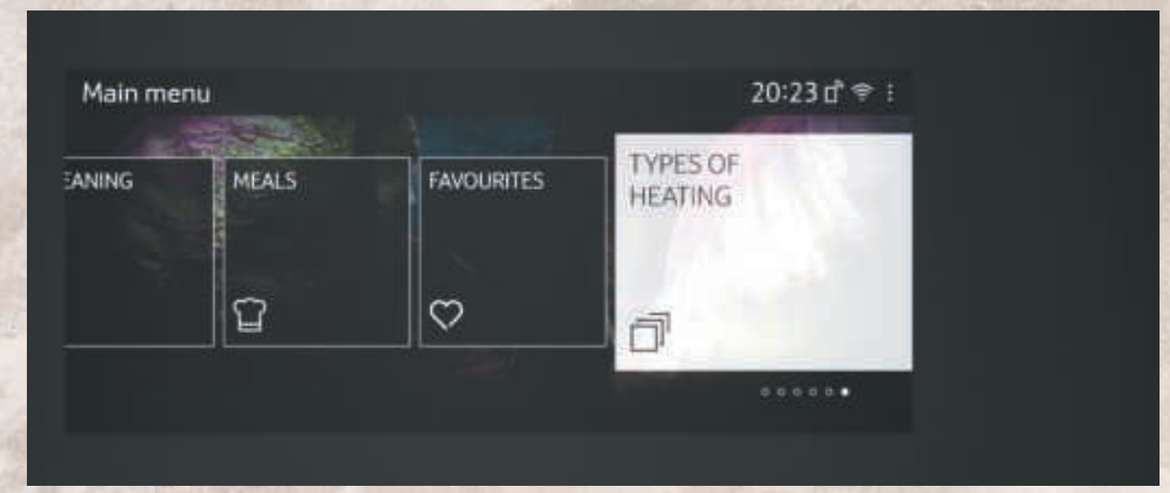

N90 – Full Touch 3 - Shown here with Twist Pad Flex® in place

Full Touch Control display; 6.8" high resolution TFT colour graphics display. Display compatible with up to 2 Twist Pad Flex®*.

N90 – Full Touch 3 – Shown here in Full Touch mode

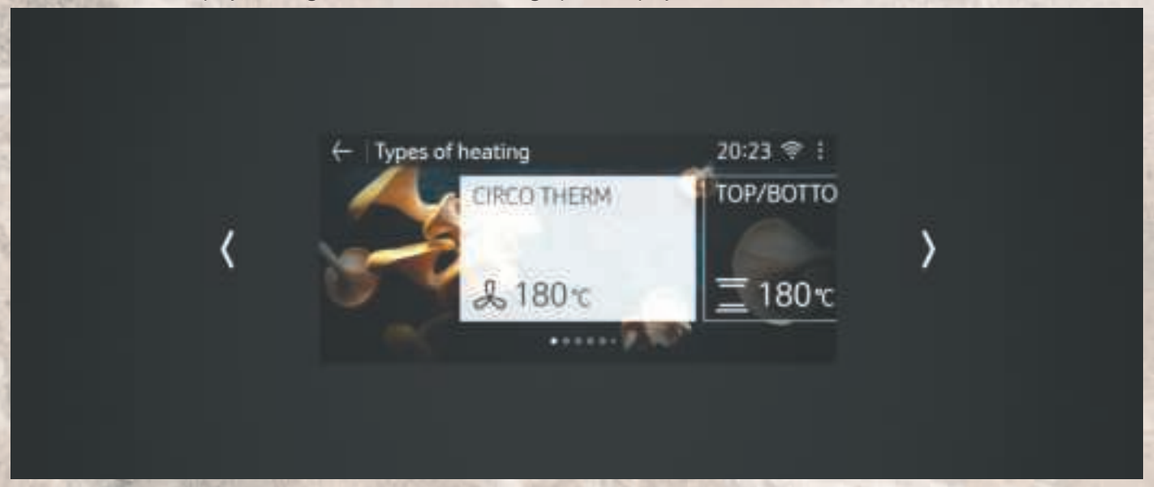

Full Touch Control display; 6.8" high resolution TFT colour graphics display. Compatible with Twist Pad Flex®.

*The NEFF Twist Pad Flex® is an optional additional accessory that needs to be purchased separately. Full details are in the specification tables.

N90 – Full Touch 2

Full Touch Control display; 4.1" high resolution TFT colour graphics display.

N70 – Full Touch 1

Full Touch Control display; 3.7" high resolution TFT colour graphics display.

Open for a personal TOUCH – OR A TWIST

To twist or not to twist – the choice is yours!

With Flex Control, your appliance adapts to you! Whether you swipe and tap the TFT Touch Control or guide a Twist Pad Flex® into place, the high-resolution interface adapts automatically. The premium Full Touch 3 - 6.8" surface also features room for two Twist Pad Flex®, one on either side of the interface, enabling ultimate flexibility and complete control while cooking. *Twist Pad Flex® sold separately.

Below is an illustration of how the addition of the Twist Pad Flex® alters the controls.

Full Touch 3 – shown as Full Touch

Shown here in Full Touch mode – where by tapping or swiping the screen the functions and temperature are set.

Full Touch 3 – shown with one Twist Pad Flex®

Shown here with one Twist Pad Flex®. This can be placed on the right or the left of the display. By adding the Twist Pad Flex®, you can control the appliance using the dial and touch to set the functions and temperature.

Full Touch 3 – shown with two Twist Pad Flex®

Shown here with two Twist Pad Flex® on the display panel. By adding two Twist Pad Flex® the operating panel will change to Classic Mode and the functions and temperature will be set using the dial functionality of the Twist Pad Flex®.

Ultimate FLAVOUR AND TEXTURE

Cooking with steam isn't just cooking with steam, its temperature, volume and the precise moment it hits your food all play an important role in flavour and texture. This NEFF range has a variety of steam options to suit every cooking style.

Vario Steam®

Family feasts, cooked to perfection.
Vario Steam® gives dishes just the right amount of moisture by adding steam at three intensity levels, meaning all your dishes retain their gorgeous colour and flavour. A low level is perfect if you're reheating a dish you've cooked earlier, and a higher level is great for baking bread.

Intensive Steam

Intensify flavours and preserve nutrients.
Experience Intensive Steam with the new Intensive Steam feature with 120°C heat that retains your ingredients' nutrients and taste, for deliciously moist and flavoursome results. The fixed water tank makes operation and refilling a breeze*.

Sous Vide

For an explosion of flavour.
Discover new flavours and textures with Sous Vide. Vacuum sealing your favourite meats, fruits, fish or vegetables and then using the Sous Vide setting to steam them at low temperatures allows them to retain their most natural and intense flavours. From tender salmon to juicy corn on the cob, each dish remains a pure delight. And for a special touch, you can quickly sear meats before serving to give them a mouthwatering crust!

*On selected models.

How to order with FLEX DESIGN

Our introduction to Flex Design within the NEFF Collection has tried to inspire you with all the possibilities that this new NEFF Collection brings you.

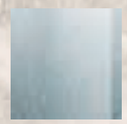

The ability to customise appliances to your customers' needs while offering all the fantastic features and functions that NEFF delivers. The following chapters focus on the detail of how exactly you go about ordering and installing these appliances.

Customise to your style

Customising your appliance to match your kitchen is a concept that allows you to match oven trims and selected surface cooking and hoods to match the colours in the kitchen. Every appliance detailed in the next section is available in all four Flex Design trims.

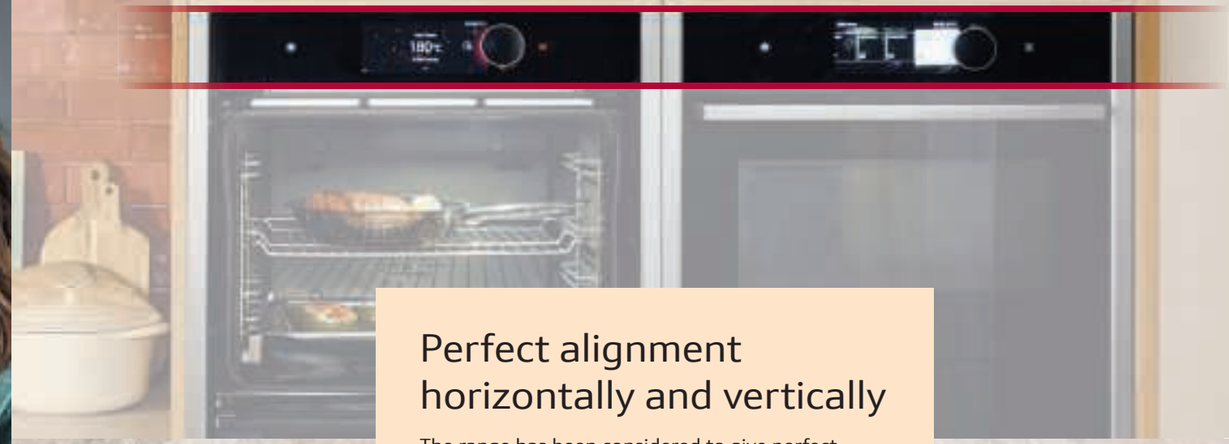

Brushed Bronze

Anthracite Grey

Metallic Silver

Deep Black

Perfect alignment

Perfect alignment horizontally and vertically

The range has been considered to give perfect alignment across the value classes and all configurations are available in every colour.

Single appliance

Seamless Combination

Step-by-step approach to ordering

Whether you are ordering a single appliance or a suite of appliances to seamlessly combine vertically and horizontally, the following section will guide you through the process.

- If ordering single appliances, our step-by-step guide details the ordering process.
- If ordering multiple appliances to combine seamlessly, this process is also detailed.
- The guide navigates you, in a clear way, through the model codes to include when ordering.
- At the end of the seamless combination section we have included furniture installation guides.
- Further details on installation and colours can be seen by scanning our QR code where we will host videos online.

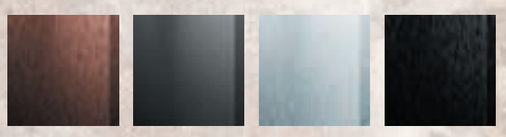

To make the ordering of this new Flex Design range easy, this page shows the stages in ordering a single appliance or a suite of appliances to install seamlessly. The follow pages are an extensive guide with codes and installation apertures for furniture.

The way the concept works – single appliance

Our Flex Design concept is designed to build the appliance to the individual design requirement. The appliance is "blank" – choose the appliance you want to specify and then add the Flex Design trims in the chosen colour to create the final product. The Flex Design trim includes the handle and the side trim to the personalised colour required.

Follow the three easy steps below to configure your desired single appliance. [1]

Flex Design Trim is available in four distinctive colours.

Brushed Bronze | Anthracite Grey | Metallic Silver | Deep Black

	STEP 1 CHOOSE YOUR APPLIANCE	**STEP 2** CHOOSE YOUR FLEX DESIGN TRIM	**STEP 3** YOUR COMPLETE SET READY TO INSTALL
N90 FULL TOUCH 3 – 6.8" DISPLAY APPLIANCES	 Full Touch 3 appliance operates as a Full Touch interface. [1] Appliance examples shown with Brushed Bronze Flex Design Trim.

The way the concept works – combining multiple appliances

Consideration has been made when installing the appliances seamlessly and this new NEFF Collection Range of Flex Design appliances allows for more freedom when combining appliances. In the same way as choosing a single appliance, when you want to combine them the process is the same but you need to find the right installation trim that matches your combination (see variations on pages 28-45).

Configure your desired seamless combination following the three easy steps below. Some combinations require additional installation accessories fully detailed in this section.

	STEP 1 CHOOSE YOU APPLIANCES AND INSTALLATION COMBINATION	**STEP 2** CHOOSE FLEX TRIM AND ACCESSORIES	**STEP 3** YOUR COMPLETE SET READY TO INSTALL

Your Guide To Cooking Seamless Combination Flex Design

The new Flex Design range of Seamless Combination strips means there are many more ways to combine appliances. There are 7 strips and for some of the strips there are several combinations available. This following section includes the detail required to install every combination available.

Once a combination has been decided with the customer, this guide will navigate you through the aperture that this size will fit (line drawings and installation follow this section). For each combination we have included the guide to ordering.

Once you have decided what to combine and the installation you would like - find the illustrated example and choose the appliances - detailed alongside the illustration. Then choose the Flex Design trim in the chosen colour - each trim is configured with the correct amount of side trims and handles.

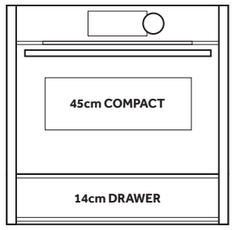

When the installation involves stacking an oven on another oven or compact oven, you require an intermediate shelf - code supplied. Finally if on selected Full Touch 3 models you want to add an optional Twist Pad Flex® then the codes are available.

Glass Draft Hoods Flex Design

Seamless Hob Installation

Celebrate your kitchen design with visual unity. Our Glass Draft Hood has been designed to be installed seamlessly with any of our Flex Design hobs in the corresponding 90cm or 80cm width.

Ambient Light

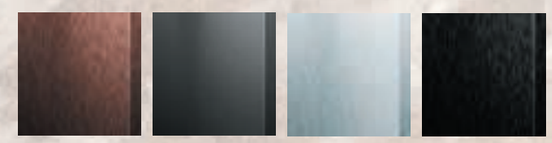

The passionate cook's perfect must-have. Our Glass Panel with Illumination is unobtrusive so it will never divert attention from the peaceful view into your open plan kitchen or living area. Connect your Glass Draft Hood with the Home Connect app and choose from endless colours for the edge of your Glass Panel. Then treat yourself to a unique cooking experience every time with your choice of individual lighting.

Open for fresh designs

Personalise your hob and hood with easily interchangeable Flex Design Trim, available in four distinctive colours, to coordinate with your oven, coffee machine and your Twist Pad Flex®.

Brushed Bronze | Anthracite Grey | Metallic Silver | Deep Black
